

# Social Intelligence Report Topical Analysis

Health/kalusugan

Blueprint.Ph EERO BRILLANTES 09178509514

#### **Overview** Health/kalusugan

# The anger level continues to focus on government mistake (PhilHealth) Sec Duque, and government waste in time of COVID.

The diagram visualises the relationship between social media content and communal reaction. The solid line represents the amount of emotive reaction on a given day and the scale is on the left-hand side. The dashed line represents the number of posts for the day and the scale is on the right-hand side.

Most of the positivity related to health are not correlated with government actions or with medical treatment but have shifted from acts of charity to personal perseverance and overcoming personal medical condition.

The diagram visualises the relationship between social media content and communal reaction. The solid line represents the amount of emotive reaction on a given day and the scale is on the left-hand side. The dashed line represents the number of posts for the day and the scale is on the right-hand side.

#### **Geographic Analysis**

#### Health/kalusugan

#### 90 Days

30 Days

This issue is a national one and the importance is persistent and overwhelmingly universal. This issue has very little variance region to region.

Engagement Score is a calculation of the reader's engagement with the post by modeling lasting effect based on Likes, Shares, and complexity of Comments.

## **Timeline Analysis Overview**

Health/kalusugan

This national issue dominates all channels and is guaranteed responses. Any policy will be severely cross-examined, but the level of support and opposition is expected to be equal, unless it is to eradicate waste and corruption.

# **Timeline Analysis of Influencers**

Health/kalusugan

Public officials have crowded out the usual medical influencers as doctors but no significant leader have emerged, and the public interest in these voices are minimal.

### **Comment Analysis**

Health/kalusugan

- There is a emerging undercurrent between Western treatment and natural treatment. The use of natural/common treatment seems to undercut the COVID vaccine message.
- Most of the COVID treatment is being spun as motivation for hospital to make money, reinforced by the PhilHealth implosion.

### Data Source

Health/kalusugan

- Data Collection Date Range (2020/9/1 2020/11/30)
- Chart, List and Analysis based on 145,619,020 data points of publicly available information.
- Trend and commentary data are from the Facebook platform with geo-spatial summaries from third party aggregation.

# **Policy Potential**

#### Health/kalusugan

- Most of the public discussion is framed under the shadow of PhilHealth, and any policy changes at this point that has a chance of public support would be reform.
- The public suspicion against the COVID vaccine are starting to be framed as an opportunity for the hospital to make money, generating potential ripple for upcoming vaccination, and COVID related economic and public order issues.
